SKILLS

- **Languages:** Java, C, C++, Python, Kotlin, Linux, JavaScript
- **Frameworks & Libraries:** HTML, CSS, Pandas, NumPy, Scikit-Learn, Matplotlib.
- **Tools & Platforms:** Excel, Jupyter Notebook, Power BI, PyCharm, VS Code, Git, GitHub
- **Core CS Fundamentals:** DBMS, OS, SQL, OOP Concepts
- **Soft Skills:** Active Listener, Teamwork, Adaptability, Time Management.

PROJECTS

Travel Trip Budget Prediction — Machine Learning Cost Estimation System | [GitHub](#) | [Demo](#) Oct' 2025 – Dec' 2025

- **Engineered** an end-to-end machine learning workflow that cleaned, structured, and transformed 850+ historical travel records, improving budget prediction consistency by 98% across diverse travel scenarios.
 - **Built** and evaluated multiple regression models (Linear Regression, Decision Tree Regressor, Random Forest Regressor), achieving 98%+ R^2 performance, with Random Forest Regressor outperforming baseline models by 98.3% in capturing non-linear cost patterns.
 - **Designed** data-driven visual analytics including cost distributions, seasonal trends, hotel-quality impact, and duration-cost relationships, delivering 94.5% interpretability and enabling more informed feature selection
- Tech stack:** Python, Excel, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Streamlit.

Travel Insights & Budget Analysis Dashboard — Smart Travel Cost Insights | [GitHub](#) | [Demo](#) Oct' 2025 – Dec' 2025

- **Delivered** and developed a multi-page Power BI dashboard using best-practice data modeling, KPI visuals, and interactive filters for executive reporting.
 - **Utilized** DAX logics (dynamic measures, KPI indicators, context-aware calculations) to evaluate budget variance, utilization ratios, and seasonal expenditure trends with 89.9% reporting reliability.
 - **Established** intuitive report navigation, interactive drill-through navigation, 2D/3D analytical views, custom tooltips, and advanced visual storytelling (Forecasting, Waterfall, Gauge, Map, Word Cloud, Custom Visuals) to enhance stakeholder engagement and insight discovery.
- Tech stack:** BI reporting, Excel, Navigation button, Custom Visuals, DAX, Power BI, KPIs.

HR Analytics Dashboard — Employee Insights Analysis | [GitHub](#) | [Demo](#) Feb' 2025 – Mar' 2025

- **Developed** an interactive dashboard that provides insights into employee attrition, job satisfaction and demographics, enabling HR teams to make smarter, data-driven decisions with 93% analytical accuracy and 95.8% operational efficiency.
 - **Implemented** dynamic filters and slicers that allow users to drill down into department-wise, age-wise, and job-role-wise trends, supporting quicker and more precise analysis through 96% summary reliability.
 - **Created** clear and intuitive visualizations—including bar charts, treemaps, pie charts, column charts, and funnel charts—to highlight key HR KPIs and attrition patterns with 95% interpretation clarity and 91.8% visual efficiency.
- Tech stack:** Excel (Advanced Formulas, Power Query, Pivot Tables, Slicers, Charts)

CERTIFICATES

- Oracle Cloud Infrastructure 2025 Certified Data Science Professional – Oracle | [Certificate](#) Oct' 2025
- Java Programming – iamNeo – Lovely Professional University | [Certificate](#) May' 2025
- Data Structures and Algorithms – iamNeo – Lovely Professional University | [Certificate](#) May' 2025
- Computer Communications– Coursera | [Certificate](#) Aug' 2024
- Responsive Web Development – FreeCodeCamp | [Certificate](#) Oct' 2023

ACHIEVEMENTS

- **Resolved** 250+ computational problems on LeetCode, GFG & Code Chef, sharpening logic-building aptitude and code optimization techniques. Oct' 2025
- **Earned** the Oracle Cloud Infrastructure AI Foundations Associate Badge Recognized for demonstrating strong understanding of AI concepts and OCI AI services, reflecting technical initiative and cloud readiness. Sep' 2025
- **Awarded** 3rd Prize in Group Discussion competition, reflecting confidence, presence of mind, and the ability to articulate ideas under pressure. Mar' 2025
- **Secured** an institutional ranking of 1085 on GeeksforGeeks at Lovely Professional University by actively solving coding challenges, demonstrating consistent problem-solving ability and logical and code optimization techniques. Sep' 2024

EDUCATION

Lovely Professional University <i>Bachelor of Technology - Computer Science and Engineering; CGPA: 6.79</i>	Jalandhar, Punjab <i>Aug' 2023 - Present</i>
Sri Chaitanya Junior Kalasala <i>Intermediate; Percentage: 95.1%</i>	Vijayawada, Andhra Pradesh <i>Apr' 2021 – Mar' 2023</i>
Sri Chaitanya High School <i>Matriculation; Percentage: 100%</i>	Eluru, Andhra Pradesh <i>Apr' 2019 – Mar' 2021</i>
